FROM : Chief, Operations School

SUBJECT: Report to the President's Foreign Intelligence
Advisory BoardREF : Your memorandum for OTR School and Staff Chiefs dated
26 September 1962, subject as above

1. In paragraph two of referenced memorandum you requested by this date my comments and suggestions regarding subject report for the period 1 April through 30 September 1962.

2. After noting the copy of the OTR report rendered for the preceding six-month period, which you helpfully attached to reference, and limiting my comments to Operations School (as I understand that [REDACTED] is appropriately reporting separately) I would say that the most significant accomplishments and measures taken to improve quality of the Agency training effort during this period lie in the field of counterinsurgency.

this initial course has been reviewed during the reporting period in order to improve the quality of the second running of the course, scheduled for 8 through 19 October for a comparable student body. Concurrent with the above, all instruction offered has been reviewed and revised to include appropriate emphasis on counterinsurgency.

4. The above is more typical of the Operations School but of course in its last part is not limited thereto. Even less limited is a statement that all Schools might make, and thus that you might wish to include, i.e.:

(a) The move to Headquarters Building, completed during the reporting period, has for the first time placed training functions and operating functions in the same building. One effect has been that the quality of the Agency training effort at headquarters has been improved by the ready access of guest lecturers and operational materials useful in training.
